elegance.

TROCAL 88.

Colours and surfaces.

Delivery class 1 – valid from March 1st 2024

In the future, life will be more colourful.

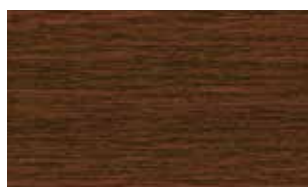

TROCAL88 is the most progressive window and door system. Also in its design. Whether timber structures, plain or metallic colours for the outside and neutrally white on the inside are concerned, or the same colour inside and outside to create an overall design - with TROCAL 88 your desire for outstanding architecture becomes a reality.
